

Victrola X, \$75  
is shown here

## The Price of Happiness

We know a young bride who was lonely and unhappy at home, with her husband at business all day.

She decided that a Victrola would be "good company," so she bought one from us.

A few days ago we asked her if the Victrola was worth to her what it cost.

"A thousand times more!" she replied. "I sing with the Victrola when I sew, and dance to its music when I dust. And the price of happiness was mighty little!"

## Victrola

Your home would be happier with a Victrola in the house. Any home would be. You can get one from \$15 up to \$400, on the easiest of terms.

## TODAY'S FOOTBALL, HAYTI VS. CARUTHERSVILLE, 0-0

The football teams of Hayti and Caruthersville met today (Friday), on the gridiron of Hayti. The heavens opened its watery doors and flooded the field. But the spirited teams neither balked or grumbled about playing in rain and mud.

Carrying the pigskin from one end of the field to the other the game progressed to the finish with a score of nothing to nothing. The first down was made in a pool of water and from then on neither side seemed to notice the unfavorable condition under which they played.

The few spectators who were there crowded into an old blown over shed and watched the game like watching a battle from a distant fort. This makes the second time the two teams have tied the score in two games. The first game ended 13-13 and this one ended 0-0.
